

Testimonial from another satisfied Twelve Strike customer:

I have been an avid bowler since my enlistment in the USAF when I joined my first bowling league in 1989. My wife and I picked up North Star Lanes in June of 2012. The lanes, Pinsetters and scoring system were all in major disrepair. I turned to Twelve Strike to see if they could help us upgrade the scoring and POS system as part of our first major investment in the business. Twelve Strike came through with flying colors to make the upgrade affordable and worked with us to make sure we got everything we needed to continue business. Their dedication to customer support from phone reception to in-depth technical support of the POS and scoring system and immediate online support during call is the best I've ever had experience with. They are always there to help.
